Find the paper

Papers contained in this proceedings are refereed papers and the readers are advised to click on individual track (say, Economics) and then select the paper. We have tried to minimise the errors but sole responsibility rests on the author(s) concerned. In some cases, we have provided “abstract” only as per instruction of the concerned author(s).

We hope these papers would serve as the most valuable materials for business research only and no materials should be used or manipulated for any purpose other than purely academic research. We appreciate the contribution of the author(s) and our editorial staff who worked relentlessly to make the conference an outstanding success.
